E. L. Densmore, contractor, Brook and Pleasant streets, Barre, says:

"Several years ago, I was in bad condition with a bad case of backache. I had severe kidney colic and constant pains over my kidneys. I used Doan's Kidney Pills and found them an excellent remedy. I am glad to give them my recommendation."

Price, 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Densmore had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

FOOD SOURING IN
STOMACH CAUSES
INDIGESTION, GAS

"Pape's Diapiesin" Ends All Stomach Distress in Five Minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Adv.

STOP CATARRH! OPEN
NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.—Adv.

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Philip Sparks of Ripton paid a fine of \$25 and costs of \$5.35 for refusing to show his hunting license to a game warden.

Mrs. Leon P. Fuller picked a bouquet of sweet pea blossoms and buds Nov. 14 on vines grown in the open at her home in Whitingham.

Three fully grown ripe field strawberries, only slightly touched by the frost, were picked on the Merritt Millard farm in Danby Nov. 24.

Merrill, youngest son of Mr. and Mrs. Charles Sumner of Wilmington, fell on a hot stove recently and burned one side of his face.

Mrs. Joan Cuneo has over 300 pigeons at her Applecrest farm in Wilmington, 180 of which are Plymouth Rock homers and the rest Belgian Carneau.

Ethan Nichols of Vergennes was fined \$100 and costs of \$2.05 for shooting a fawn in Waltham, after pleading guilty. Fifty dollars of the fine was remitted on recommendation of the officers who had the case in hand.

The Green Mountain Lime company's plant at Middlebury was sold at auction Friday to the Rutland Trust company. Middlebury men will, however, continue to have control of the plant, which will be operated as usual.

Two memorial windows were dedicated in the Bellows Falls Congregational church Sunday. The church has been without a pastor since Rev. Dr. A. P. Pratt went to the Second Congregational church of Greenfield, Mass., last June.

Pecans which won first prize at the West Texas state fair at San Angelo have been sent to Mrs. L. A. Webster of Whitingham by the exhibitor, George Richardson of San Angelo, Tex. He was one of the managers of the fair and owns 50,000 acres of land in that state.

Frank Murray shot a 200-pound bear in the woods of East Wallingford Saturday and came to Rutland where it seated in the extra seat tonneau of his motor cycle. It attracted considerable attention.

A suffrage club, the object of whose members is to become familiar with the history, arguments and results of suffrage, was organized in Newport at a meeting which was addressed by Mrs. Augusta C. Houghton of New York City, national suffrage speaker and organizer.

Friday's balmy breeze lifted a 40x12 foot piazza roof of the building where it was located in Burlington and deposited it some distance away, carrying it over a row of chimneys and above telephone and telegraph wires. As it tried to pass between two houses, it met its Waterloo, but did some damage to both buildings before it finally settled down to the earth again.

Much building was done in Rutland this year, including 50 new houses, which provided accommodations for 80 families. Fifteen buildings were also remodeled for dwellings. The largest building operation was the erection of two huge shops for the Howe Scale company. John B. Stearns is soon to begin the erection of a two-story brick building for undertaking purposes.

The arrest of George W. Wals of Haydenville, Mass., at West Townsend recently by Massachusetts officers, is thought to be noteworthy in that he seems to be one of a gang of burglars who have been working successfully around Northampton. He is held under \$5,000 bail for trial next Friday. Wals was at work carpentering when apprehended and gave himself up at once.

Walter S. Shaw, after having one leg partially amputated, then grafted on, and having two attacks of pneumonia, finally succumbed at the Rutland hospital Saturday. Mr. Shaw, who is 29 years old, was struck July 12 by an automobile as he was riding his motorcycle in Lowell, Mass., which confined him to a Lowell hospital until October. His home was in Poultney and he was brought there only to have a second attack of pneumonia, which proved fatal.

Mrs. McCulloch saw a herd of 11 deer in a meadow near the McCulloch farm in Townshend a few days ago and called her husband, but by the time he had secured his gun and got near enough to shoot, the two bucks had got too far away to be in range of his rifle and only the five doe were within shooting distance.

ITALY NOT FOR PEACE.

Motion by Socialist Leader Not Thought Popular.

Rome, Nov. 28.—Firm consolidation of all forces for an even more vigorous conduct of the war will probably result from a discussion of Italy's part in the struggle expected to be precipitated immediately after convening of the chamber of deputies for the coming session.

The Socialist leader Turati has announced that immediately after the convening of the chamber he will demand that Italy make an immediate peace.

"Only 'Gets-It' for
Me After This!"

It "Gets" Every Corn Every Time—Painless—Nothing More Simple

"I'll tell you what, I've quit using toe-cutting knives for corns. I've quit making a nuisance out of my toes with bandages and contraptions—quit digging with knives and scissors. Give me 'GETS-IT' every time!" That's what they

all say the very first time they use "GETS-IT." It's because "GETS-IT" is so simple and easy to use—put on in a few seconds—because there is no work or toe-cutting to do, no pain that shoots up to your heart. It gets your corns off your mind. All the time it's working—and then, that little old corn peels right off, leaving the clean, corn-free skin underneath—and your corn is gone! No wonder millions prefer "GETS-IT." Try it tonight.

"GETS-IT" is sold and recommended by druggists everywhere. It's a bottle, and one receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Barre and recommended as the world's best corn remedy by F. G. Russell and E. A. Brown.—Adv.

The lodge was organized twenty-two years ago next Saturday evening, the 24, and to-day there are on its list, only two of the charter members, one of whom resides in town and the other in the state. The lodge at this time is in a prosperous condition, with many additions in the last year.

Myron Flint, who lives on a farm near the town line of Granville, was arrested Saturday by E. W. Kent and D. D. Howe for intoxication. His condition was such that danger of his family was feared, and he was brought here and lodged in the lockup for over Sunday, when it was hoped he might have his trial in town, but later it was found that he would have to be taken back to his town.

Mrs. Christmas Williston, who has been with her sister, Mrs. George Dumas, for the last three weeks, left Monday for Worcester, Mass.

News has been received from Mr. and Mrs. C. E. Kilburn and their party of their safe arrival in Florida.

SAYS HOT WATER
WASHES POISONS
FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If your head aches, it's your liver. If you catch cold easily, it's your liver. If you get up with a bad taste, furred tongue, sour breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent cathartics, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also, attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it cannot salivate, it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the system strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: P. BRITISH REFUSE SAFE
CONDUCT TO TARNOW

New Austrian Ambassador to United States Will Not Be Granted Safe Conduct.

London, Nov. 28.—The foreign office has sent Ambassador Page a note definitely refusing to grant a safe conduct to Count Adam Tarnowski Von Tarnow, the new Austro-Hungarian ambassador to the United States.

The reason for the refusal may be paraphrased as follows:

Even if international law forbade the refusal of such a safe conduct, the action of Austrian and German embassies and consulates abroad have been so much in excess of regular diplomatic functions that the British government feels justified in withholding its consent for such diplomats to travel to their posts.

By recent agreement, the milk produced on the Morrison Farm will be delivered to the consumer by E. Lawless, 9 Kirk street, phone 269-W.
